Foreword

SIMPLY another attempt to put in a more or less permanent form things which will help recall the school year with its work and its play, its joys and its sorrows, and its friendships. May it do this and nothing more.

Alma Mater

Alma Mater of the Mountains, West Virginia Wesleyan.
At thy magic mystic fountains noblest dreams of life began.
We, thy children, bow before thee;
We, thy children, now adore thee,
And pledge God, Who watches o'er thee,
Thou shalt fill the ample measures of His plan.

Alma Mater, Queen of Learning, of the Orange and the Black,
At thy call to wisdom turning nought of worth thy sons shall lack.
For the teaching of thy sages,
With the writ of sacred pages,
Will transmit the wealth of ages,
Down the future's ever-wider, brighter track.

Alma Mater of the Highland, guardian of romantic years,
Thou dost bring us to the skylands, with thy faith dispel our fears,
Give us friendship waning never,
And a call to high endeavor,
And companionship forever,
With the God who guides the course of the spheres.

Alma Mater of the Mountains, West Virginia Wesleyan,
At thy magic mystic fountains noblest dreams of life began.
We, thy children, bow before thee.
We, thy children, now adore thee.
And pledge God, Who watches o'er thee,
Thou shalt fill the ample measures of His plan.

Vice-President Chresto, 1925. Marshall, '24. Tennis Team 1924-25-26-27. Captain Tennis, 1924-25. Winner first and second Annual Tennis Tournaments. President Wesleyan Forensic Association, 1926-27. Debate Team, 1924-25-26. Student Member Athletic Board, 1927. President Chresto, 1927.

"I find the great thing in the world is not so much where we stand as in what direction we are moving".

Broad minded, sincere, a gentleman, and a scholar, a man of noble caliber. If there ever was a man who looked things more squarely in the face than Eugene, he will be hard to find. It has been a priceless privilege for us to have known Eugene as a classmate and friend; and we bid you farewell with the knowledge that Wesleyan's loss is the world's gain.

"It's nice to be natural when you're naturally nice"

Are you looking for a sincere student and an energetic leader in any undertaking? Well here is a girl who "works while she works and plays when she plays". Bessie is an active member of the Benzene Ring, an organization on the campus that keeps right up to the minute on all scientific questions. Bessie, you are a dependable and worthy girl; we are glad you chose Wesleyan as your Alma Mater.

"A man is the part he plays among his fellows."

"Brink" takes an active interest in life Nothing drags along when he is around What he undertakes, he finishes. A cheerful disposition coupled with the tendency to let tomorrow take care of itself will go a long way in helping him to make a success in life. But brevity is the soul of wit, and since a lavish use of words seems to dull the force of what is said, it will not be untimely to stop and let the future speak for itself

CHARLES EIB, A.B

BELLINGTON, WEST VA.

Chi Alpha Tau, Y M C. A.

"In peace there's nothing so becomes a man as modest stillness and humility"

As this gentleman silently treads his way to his daily duties anyone could see the mark of that famous characteristic shining through — "Steadiness". Though modest and without a show this fellow is destined to a success proclaimed by the world of people who steadily strive

"A time like this demands strong minds, great hearts, true faith and ready hands."

Wesleyan's most versatile student, an all-around athlete, a gentleman at all times, an outstanding character throughout his four years in college, dependable, and a leader in a crisis. When one man can lead his fellow students by his sound and worthy advice it goes to show he is a character of real depth. "Buck's" life is destined and we hope for him the greatest happiness and a worthy career.

"Her fingers shame the ivory keys,
They dance so light along."

"Nat", we all love you. A born leader, a jolly disposition ready for whatever comes along, yet—a student with a mark of true understanding. But when you play a haunting melody, maybe to drive away the "blues", or to give pure joy to the listener you make an ol' Steinway almost talk. Wesleyan is proud of you, and wishes you a success unparalleled.

"Though modest, on his unembarrassed brow, Nature has written—Gentleman".

What more can be said? Raymond is the type of a fellow who although very quiet, dignified, and reserved is always ready to join in the fun and have a good time His career will be something to help his fellow companions along the rough road of life Raymond, we wish you success in everything you undertake

"Her angelic face
As the great eye of heaven, shined bright,
And make a sunshine in the shady place"

Helen has added honesty, frankness, sweetness and faithfulness to the knowledge gained from books, and this combination makes her a sincere type We have had her four years and she is a real girl As editor of the Pharos she has been very capable and we wish for Helen a future that Wesleyan will be proud to say has had a beginning on its campus.

LINCOLN DeLONG, A.B.

IRONTON, OHIO

Chi Alpha Tau. Varsity Football '24, '25, '26. Varsity Baseball '24, '25.

"He whistled as he went, for want of thought"

To this man things come easy. He never worries; some believe he lives by that old proverb, "Life's no better if we worry; life's no longer if we hurry." This expresses "Link" exactly. Nevertheless he is a gentleman of the highest degree; he has many friends and Wesleyan loses a good man when he graduates.

"To meet each thundering knock-out blow,
And come back with a laugh because you know,
You'll get the best of the whole darn show—" That's pep!

New Jersey send down some more real girls to us. A state full of girls like "Holt", can you wonder why it would boom? For an all around girl you will go a long distance before you'll find another like "Holt". "For nature made her as she is and ne'er made such another!" All we can say to you is—if you meet life as you have met Wesleyan the sky is your limit. "Holt" we're proud of you!

"A big heart, always wishing to do right and be friends with everybody".

He has a welcoming smile for all, and the heartiest laugh when fun is on, yet those lessons are always at the top and it is a good professor who can stump this daring lad by firing questions at him. He is always prepared. Loring is also gifted with unusual musical talent. We have only to wait to find what is in store for you.

FRANCES SAUNDERS, A.B.

CLEVELAND, OHIO

"It is better to be a jewel of a woman than a woman of jewels".

That old proverb "Power dwells in cheerfulness" can easily be sanctioned by Frances' leading characteristic. Did Frances ever leave a grouchy impression with you? A sweet disposition on all occasions is something every one does not have. Then if you are homesick or "blue" go get Frances, she'll drive those "doggone blues" away. Frances is a very popular girl and a dependable and capable leader. She has proved her ability as president of the Y. W. C. A. A girl who can win the hearts of every one she meets certainly must have that undefinable something—"personality". We wish you the greatest success life can offer and as you leave Wesleyan the vacancy you make can never be refilled. There is only one Frances.

"Wit is the lightning of the mind"

It's a shame to burden a good man almost to death, yet when one is capable and dependable, responsible things just seem to drift his way. So it is with John. As editor of our annual last year we see what he did, and as an associate editor for the Pharos he is doing splendid work. An able assistant to Prof. Hyma in the Chemistry lab, such an all around man as John has a great success ahead of him.

JOSEPHINE CRIEE, A B

"I maiden never bold, still and quiet"

Josephine has filled her place in Weslevan making her share of friends and greeting people with a smile. The one friendship she has made we hope will always continue her the greatest happiness. In Josephine we find patience, duty and reserve. As we grow to know her we discover a good fellowship and ability—directed by a clear brain. We bid you a success in life

JACK DOWELL JENNINGS, A B

Alpha Gamma Phi, Debating Team, '25 '26 Secretary Forensic Association, President, Kappa Lambda Sigma

"None but himself can be his parallel".

You want the most original student in Wesleyan to appear before you and expound a theory worth the praise of Socrates—call upon Jack. Without a doubt a man with such a keen mind and an intellect above the average will be a man of fame. Jack, there are great things hanging out there in the ether of space for you, so just do your best to grasp them, and with the good wishes of Wesleyan you will surely win.

"I man of books, his power in his mind"

It is pleasant to carry one's burdens without a falter, and to execute them efficiently. Yes, the man who has the mind and intellect of so great a character as our noted statesman is a man who knows when he is capable of a task. "Tom" has the assurance that comes to every self-made man, and a confidence that will carry him over the border of difficulties. Wesleyan bids you well.

EVELYN POUNDSTONE, A.B.

Her air is so modest, her aspect so meek.
So simple yet sweet are her charms"

Evelyn is a jolly good sport and your friend in work or play. It is the inconspicuous thing that gradually draws us to it, and the real worth found out after a period of time. The thing that has made us realize the genuine value of Evelyn has been her untiring faith in what she undertook. We wish for her the thing in life that makes a life worth while, "success."

"Where duty calleth he is always found"

Who is that fellow rushing across the field? That's "Hobby"—yes, the dependable, ol' reliable "Hobby". No football squad or basketball team could ever be complete without the untiring efforts of a good manager and trainer. "Hobby" has taken what Wesleyan has offered him, and to the man who always takes what is given him without a grouchy word is sure to come a reward worth working for.

EUGENIA WESTFALL, A.B.

"Your education is no more than a chest of tools—only through use does it possess value".

A true friend, a worthy friend, a friend in the time of need. Do you want some one to liven up a feed—someone to sympathize with you if you have a dose of "blues"? When you call for "Jeannie" her response seems to turn the old world upside down or inside out for everything seems changed and brighter. Then, too, what's an education for if you can't use it on your friends? Read a book or play, that "Jean" has read and then discuss the qualities pro and con. You'd think one so tiny would be incapable of such profound ideas, and when a person goes out into the world open minded something is bound to happen.

"Hang sorrow—care 'll kill a cat"

I don't worry much, but I always have my lesson. Give me a trumpet or a piano, or just any old thing that makes noise, and then what? Well, "Lew" is just right at home with any kind of an orchestra. He is just music through and through. With the musical talent that "Lew" has there is something waiting for him behind that cloud of darkness. We wish you a great success Wesleyan is proud of this man.

"O Captain, our faithful trip is done.
The ship has weathered every rock, the
prize we sought is won"

The typical college fellow who can have the lead of the darkest villian in a play or carry an audience away with the genuine grace of the Dixie clog. "Johnnie" as he has been labeled in Wesleyan, is a good sport He attends to his duties and nothing worries the man who is always ready

VIVIAN TRIMBLE, A B

"The innocence of her eye is like that of the

Simplicity and truth dwell in her heart"

The old proverb, "Still water runs deep", applies here with peculiar aptness. Vivian is not the sort of girl who seeks praise or counts applause, she is just Vivian, always glad to lend a helping hand to a needy person. The world would not be complete if we did not have those who go about their work uncomplaining.

"Know that he who is a friend to himself is a friend to all"

Dependable, sincere, true and modest, could anyone find a man more suited for a student instructor? The Biology department of our college will miss Prunty when he leaves, and the whole Science department will suffer a loss. When one possesses a strong character attired with a powerful intellect the man will achieve success that Wesleyan will love, honor, and cherish.

EDITH HALL, A.B.

"Favors to none, to all she smiles extends; Oft she rejects, but never once offends"

When one so young can complete a four year course in three years, to say the most would be small. Edith, you have a great start and we wish for you every success life has to offer. Your friendly smile and pleasant way has put a marker on Wesleyan's campus for you.

"And bless the man who first invented sleep. So Sancho Panza said, and so say I"

"Brownie", we'll miss you when you leave Wesleyan. As captain of basketball he made a real place in Wesleyan's athletic history. When we measure man and not his work, we would discover "Brownie" to be one of the finest of men. "Brownie" has won a place in the heart of every Wesleyanite because of the fact that he is never disheartened but greets everyone with a smile. Naturally he has made a host of friends, and it would hardly be an exaggeration to say that the student body to a man wished him a continuance through life of the successes which have been his at college.

Who? Ah, yes, "Juny", we all know him. If you don't know him, just listen and you can hear him whistling as he goes to his classes day after day. "Juny" has an aim, too, not only to have a good time being happy, but to make good grades, and a man who can make good grades as well as be in the middle of the deepest "mud hole" is to be commended. Remember, "Juny", always keep that aim, and as we bid you farewell we send you out into the world with all good wishes that you may attain it.

She has that rare balance of subdued personality that is bound to make one attractive. She is always willing to try the most difficult task and is a friend at all times. Pauline, Wesleyan is proud of you and may you in treading the "University of hard knocks" make a success of it.

"Science is better than luck"

It is with mingled feelings of hesitancy and pleasure that the sketch of this man is begun. Hesitancy because it is difficult to describe him clearly enough or worthily enough, and pleasure because it is pleasant to write of a man who is gifted, tender, and strong. To those whose rare fortune it has been to know the man somewhat intimately, he is a dreamer of beautiful dreams, with a powerful, practical mind that makes the dreams worth while. A constant, inspiring friend, who believes firmly enough in himself and his ideals, a man that will leave a clear, deep mark in the sands of time.

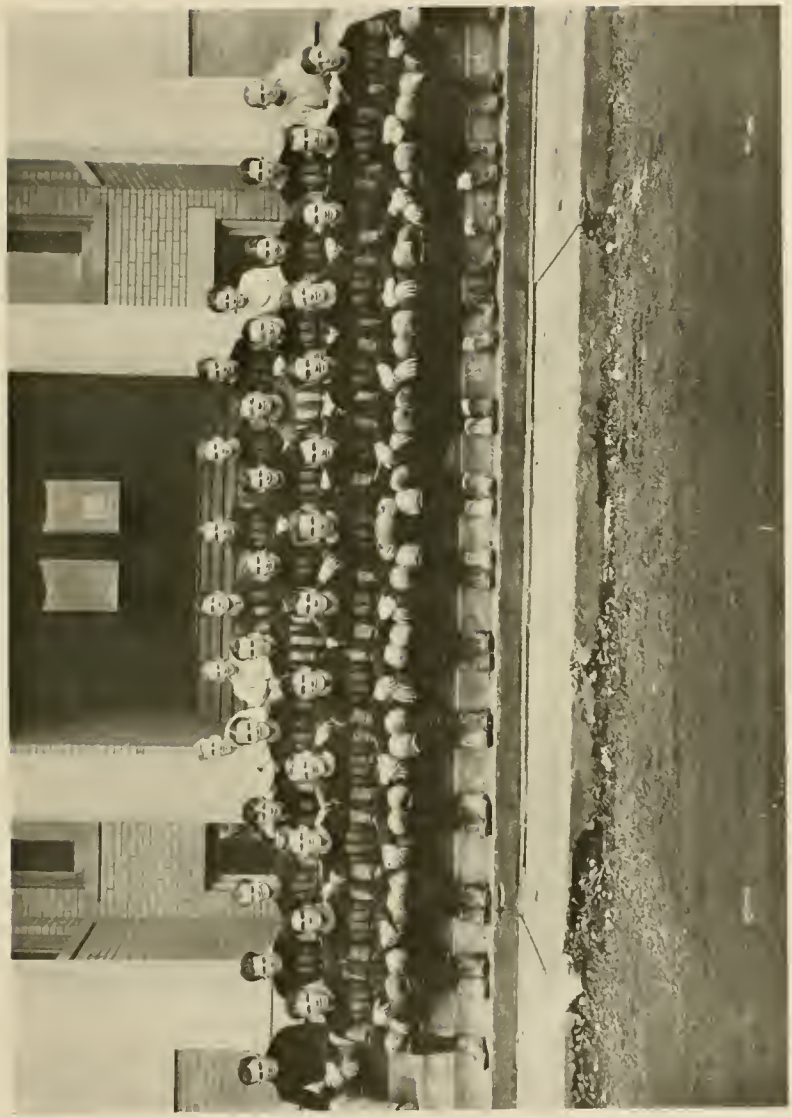
Wesleyan, '26



The 1926 Football Season

WHEN the fall training camp opened, there were seven veterans of the previous year missing. A difficult task confronted Coach Ross and Assistant Coach Moore in molding around the few veterans that remained, a team which could successfully combat such opposition as Salem College, Bethany, New York University, Waynesburg, West Virginia, Boston College, Navy, Broaddus, St. Xavier, and Davis and Elkins.

Captain Paul Kemerer, with the veterans, Corcoran, Brinkman, Reiter, Alvis, Kraus, and DeLong, and fifty candidates, totalled the roster the first day. On September 24th the Salem eleven bowed to the newly rejuvenated Bob Cats by the score 16-0.

The next game, scheduled on the home ground on Wesleyan Alumni Home Coming Day, was with the ancient rival, Bethany College. The Bob Cats were not to be denied this game which ended with Wesleyan on the long end, 19-7.

The following Saturday the metal of the young Bob Cats was tested to the limit when they met the strong New York University eleven in New York City, and bowed to them after a hard and fierce struggle 24-7. It is well to remember that their goal line was only crossed once after this, and then by the Corn Huskers of Nebraska.

The Bob Cats were overcome by Waynesburg College by a score of 9 to 6 in their next game.

The following week the Bob Cats journeyed to Morgantown, where they held the Mountaineers 7 to 0. It was the cleanest and most sportsmanlike contest that had been played between the two schools in years, and it is a compliment to the rise of football in West Virginia in the past ten years.

The team then traveled to foreign pastures the next Saturday to the vicinity of Pork and Beans, where they met the strong Boston College team and bowed to them 21 to 7. Boston College lost but one game during the year, and up until the time Wesleyan played them had not had their goal line crossed, but it took the alertness of Captain Paul Kemerer, in grabbing up a fumble, to make it possible.

The Navy was met the next Saturday. They took more than revenge for the defeat that had been handed them back in 1924, by making a sieve out of the Bob Cat machine, galloping up and down the sodded gridiron for fifty-three points. The Bob Cats were not to be denied their right of scoring and in the last quarter were able to carry one touchdown over, the game ending 53 to 7.

The Bob Cats defeated the Broaddus College eleven on our home field by the score of 13 to 0 the next Friday. They met the St. Xavier College of Cincinnati, Ohio, on the next Saturday, but the Musketeers were too powerful for the young Cats who bowed to them by a score of 21 to 7.

The last game of the season was played at Clarksburg with Davis and Elkins. The Rossmen were not conceded to win from the Henderson-coached machine. However, during the latter part of the third quarter, the trusty toe of Captain-elect Alvis booted a placement through the bars from about the forty yard line. The game ended with the score 9 to 6 in Wesleyan's favor. Wesleyan scored on every opponent and though they lost six of the ten contests, they left imprinted on the memory of all those they played, a respect for the little Mountain School.

Wesleyan's Basketball, 1927

STARTING off with only the loss of Captain Weihl by graduation from the 1926 All-State Collegiate Basketball champions, Coach Ross set out to equal the record of the past year. The first night of practice brought out about forty candidates to compete for places on the quintet. It was after two weeks of intensive training and drill that Coach Ross cut his squad to eighteen men and on January 7th opened up away from home with the Broaddus College Baptist and trounced them by the score of 33 to 19.

The exhibition at Broaddus was anything but encouraging but at times the team showed it might get back to the old form of the champions before the season was far gone. The following Wednesday the Salem Tigers from the ten mile city came romping in and they were sent back to their den smarting under the defeat of 23 to 19. The following Saturday the old and ancient rival, The Mountaineers, were met on the Ark floor at Morgantown and the Methodist took their first count downward by the tune of 37 to 20. It can't be said Noah would even take the credit for building such a contraption as that hardwood surface that is used for a basketball court by an institution like the university and we did blame the defeat partly on the floor, not very many come out of it victorious. The strong Scarlet Hurricane was met then on January 20th, and the Senators took us into camp on their home floor for the first round of the three game series that was to be played during the year. They took grand revenge for the loss of the state title the previous year. The next game with Marshall College was the most hectic of the whole season. Marshall lost by the score of 35 to 5 and so many personal fouls were committed by them that if all offenders had been made to leave the game only three would have remained to finish it. In probably the most thrilling game of the year the Bob Cats downed the Fairmont Teachers College on their own floor by the score of 26 to 25, and only in the very last second to play, when Brinkman looped in a two pointer. On the trip to Bethany the following day the Bob Cats were trounced the worst of any during the season, falling before the Bisony onslaught 38 to 34, but on the return of the Bisons to the Wesleyan gym the following week the compliment was returned by a 28 to 27 score.

In Clarksburg on February 15th, the Davis & Elkins Senators again defeated the Bob Cats in their second engagement worse than the first by looping in a total score of 47 to 21. The revenge for this game was taken out on the Broaddus College crew the following Monday by a 39 to 22 count on the Bob Cat floor.

The following Thursday, February 24th, the team was to take a two-day trip, meeting Salem College on Thursday night and the next jump to Huntington to battle the Marshall College five again. Coach Ross was listed on the invalid card and Assistant Coach Moore was called on to accompany the team. Salem clinched the game in the two by four building at Salem by 29 to 19, but revenge was taken at Marshall by the score of 35 to 25. Returning from the two day trip four of the hardest games on the schedule yet remained and Coach Ross, feeling much better, started in with a vim to prepare his squad for the grind. West Virginia was met in Clarksburg in the second of their series of three games March 3rd, and the Bob Cats again went down before their powerful onslaught 47 to 26. Fairmont was then met on Tuesday of the next week at home and were again defeated after a most gruelling battle 20-19. Then on Saturday the Mountaineers again came on the scene and again trounced the Bob Cats for the third time of the season.

The big game then left was the annual tournament opener held with the Davis and Elkins College on Wednesday, March the 10th. The Senators had only on Tuesday defeated the State team for the state championship and the only hope that remained in the minds of the Bob Cats was the downing of the Hurricane and spilling the state title bucket, but even though the Kittens did make them hop in the opening fifteen minutes, the powerful Poscover of Davis and Elkins was too much for the guards and toppled in a total of 28 points of the 43 made. The game ended with the Rossmen on the tail end of a 43 to 31 score.

The season ended with the Bob Cats far from the state title but splitting even with the number of games won and lost. During the season there were sixteen games played, eight were won and eight lost. The Bob Cats then dropped down to third place in the listing of collegiate teams for the state. Davis and Elkins first, West Va. U., second, and Wesleyan third, following with Salem and Fairmont College.

Women's Athletics

MISS NASON deserves a great deal of credit for the progress made in the development of girls' athletics in Wesleyan College the past year. Although there are no inter-collegiate games between the girls of the different colleges, the adoption of inter-class sports for girls has created a desirable form of exercise for them, and shows the department is keeping abreast with the tendencies of modern times.

With the opening of the first semester, the Athletic Board of the Girls' Athletic Association, composed of Florence Holt, President; Natalie Simmerman, Vice-President; Virginia Candy, Secretary and Treasurer; Annis Ross, Ethel Wolfe, Martha Drummond, Mildred Metheny, and Margaret Miller, met and planned the schedule for the year's work. A rather full program was decided upon, taking in basketball, tennis, track, hiking, and indoor class participation. Managers were chosen for each sport—Basketball manager, Annis Ross; tennis manager, Martha McIntire; track manager, Virginia Candy; hike manager, Ethel Wolfe; indoor work, Miss Nason.

Due to the fact that there was no inter-class basketball, all interest was centered around inter-class, non-sorority, and sorority teams. The Chi Kappa Alpha Sorority team was the only one winning all its games.

Track was again inaugurated into the girls' sport program, and, although it did not have an opportunity for full development of many events, it did show that the girls can develop good track with the material on hand. Such events as basketball throw, baseball throw, rolling pin throw, relay races and dashes were keenly contested. It is hoped that by the time the curtain drops on this year's season it will have been equally successful.

For the first time a real hike program was arranged. The girls scoured the surrounding territory, under the able leadership of Ethel Wolfe. The opening hike was one given in honor of all new girls.

A new type of exhibition appeared on Wesleyan's campus when members of the girls' physical education classes participated in a stunt day contest. The entire group was divided into two teams, the "Blacks" were under the direction of Mary Ellen Dorsey, and the "Reds" under the direction of Ethel Wolfe. There were eleven events, and in all the teams were very evenly matched. The exhibition was a display of the work done in the gymnasium classes this semester under the direction of Miss Alice Nason.

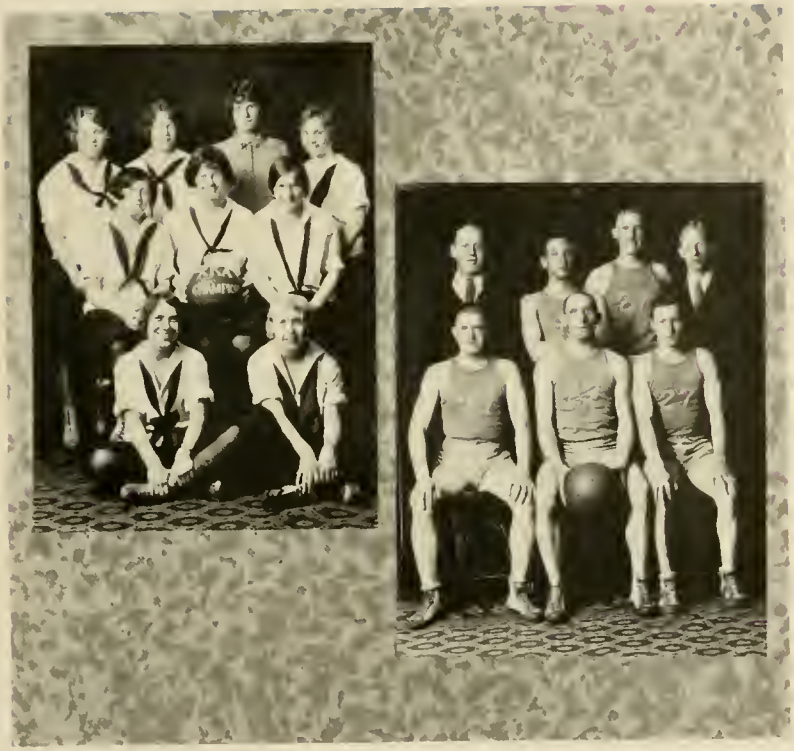
Intra-Mural Sport History

THE plan of intra-mural sports really had its birth back in 1923 when the class teams organized and coached under varsity men, played a series of about three games each. The Freshman basketball team under John Moore's tutoring, won the championship that year.

In the spring of 1924 the four teams again organized and the Sophomores downed all their opponents and again took the championship. The following year, in order to make it possible for more of the students to enter the competition, two teams from each class were organized and a classification was made making one the A teams and the second teams the B teams. At the end of the season a tournament was held and the Juniors were just barely nosed out by the Seniors of that year. Then in 1926 a reorganization was made and a committee form of management was used having Arthur Simmons as intra-mural director and the season was a most successful one. The number of sports was increased, including basketball, baseball, track, tennis, touch football, and indoor baseball. In the basketball organization there was a major and minor league formed, the Freshmen winning the major league, while the Chi Apha Tau won in the minor league. In the track and field meet the honors were carried off by the Senior class, and in tennis the Juniors topped all contestants. The baseball outcome was a tie between the Juniors and the Seniors.

This year the direction of the Intra-mural was put under the Athletic department and Assistant Coach John Moore took over the direction of the program. In the basketball league formed, seven teams were entered. A team from each of the four college classes and one from the Chi Alpha Tau fraternity and one from the Sigma Eta Delta fraternity was entered. It looked at the first of the season that the fraternities would be the strongest but they were nosed out in the finals by the Senior class for the championship of the school. The Seniors did not lose a game during the season and in the tournament held at the close of the season kept their record spotless. Baseball, tennis and a track and field day was the culmination of the program for the year.

The girls as well as the boys were entered in the program of intra-mural sports and under the direction of Miss Alice Nason saw a much larger program than the preceding year. The coming year is prospective of even a larger and more elaborate program. Golf and hand ball and a special field for intra-mural sports is to be added.



The Tournament

THE fourteenth annual state basketball tournament was held in the West Virginia Wesleyan College gymnasium on March 17, 18, and 19th, under the direction of Emmet E. Stoffel, treasurer and business manager of the college. Assistant directors were Ramus Holtz, Arthur Simons, Fred Haught and Ira McDowell.

The state remained divided, as formerly, into eight sections, each section holding a tournament, from which came the winners and runners-up and two additional teams, chosen by the State Board of Appeals. The thirty-two teams placed a thirty-one game schedule over a period of three days. On Saturday afternoon no games were scheduled, giving the players an opportunity to rest between the semi-finals and finals. As an added attraction Coach "Bill" Roper, of Princeton University, gave a very interesting talk at a mass meeting of players and spectators.

From point of interest, the games this year were the best in the history of the state tournament.

Teams representing high schools from the state sectionals were as follows:

Bethany Section—Wheeling, Benwood, Wellsburg, Williamstown.

Fairmont Section—Fairmont West Side, Fairmont East Side, Shinnston, Morgantown.

Philippi Section—Elkins, Sutton, Buckhannon, Richwood.

Keyser Section—Keyser, Piedmont, Davis, Berkeley Springs.

Concord Section—Princeton, Pineville, Bluefield, Welch.

Clarksburg Section—Washington-Irving, West Milford, Pennsboro, Bridgeport.

Huntington Section—Ceredo-Kenova, Logan, Huntington, Parkersburg.

Montgomery Section—Mt. Hope, Spencer, Charleston, Montgomery.

Fairmont West Side and Washington-Irving fought their way to the finals, Fairmont beating Benwood and Washington-Irving taking Shinnston into camp. This was the first time that either team had gone to the finals and the great rivalry that is always present between these two teams was made more tense than ever with the state championship in sight. Both teams had wonderful support from their home towns, packing the large Wesleyan gym to the limit. The game was hard fought throughout and Fairmont was winner by the narrow margin of two points.

The trophy for the best cheering delegation outside of Buckhannon went to Washington-Irving High School from Clarksburg and the trophy for the best cheering delegation at the tournament was won by Buckhannon High.

The games were ably handled by Mr. Kelcel Ross and Mr. Don Hamill

Organizations

Y. W. C. A.

The Young Women's Christian Association supplies, in a large measure, the spiritual side of the girls' life while at Wesleyan. It affords an opportunity for all the girls to gather once a week and discuss topics of interest to all. These meetings develop higher spiritual ideals and a better and more lasting fellowship among the girls.

The past year has been very successful. This organization has aided their sister college, Hwa-Nan College, Foochow, China, financially and they have done some deputation work in the rural communities of this vicinity. It is the desire of every loyal member to promote interest in the association and make it just as successful in the future.

Y. M. C. A.

New conditions on Wesleyan's campus has made it necessary for the Y. M. C. A. to outline new activities. No longer is it possible for the organization to depend wholly upon the weekly devotional meetings for its success.

One new feature of the work this year has been the introduction of deputation teams to assist in religious work in churches and schools of the state. Programs of music and speaking have been given in communities under the direction of Professor A. H. Rapking. Later it is planned to give week-end programs for high school students.

Students approved of the four-fold lyceum course plan by almost an unanimous vote. The cabinet having direct charge of the course has meant increased efficiency. Accurate record has been made of each number showing its profit or loss. The program this year has been attended by a larger percentage of the student body than any year since the days when the auditorium was packed for each number.

Beginning the year with a balance in the treasury the association has increased the amount. With the aid of proceeds from moving pictures, the lyceum course, and the annual financial drive it is planned to furnish a reading room for men in the Administration building.

Thursday evening meetings have been attended by a small but faithful group of men. An innovation was the Wednesday evening prayer group made up chiefly of the cabinet. The attendance at this meeting was unusually high.

A new constitution has been drawn up and an organization perfected with a standard membership.

With a well balanced organization and a trained cabinet the association is looking forward to a more successful year in 1927-28 because of the foundations which have been laid this year.

Student Council

The Student Representative Council is of great importance in the college because of its direct interest in all other organizations.

The code of Freshman rules as drawn up by a committee from the faculty and the Student Council in 1925-26, has been put into effect during the past year. The Freshman class is deserving of much credit for the successful management of the student service stand, which was introduced at Wesleyan a year ago, and is under the supervision of the council. The profits from the stand are used in the interest of the student body. The point system has also been revised during the year.

The Student Council has attained success in the past, and hopes to undertake more difficult and varied projects in the future which will make for the betterment of the school.

The Benzene Ring was organized in the spring of 1921, and constitution and by-laws were adopted in the fall of 1921.

The purpose is to create a greater interest in physical science, acquire a greater knowledge of its various branches and establish the scientific department upon a higher plane.

The Ring continues to hold its growth, having thirty-seven active members at present.

The Ring aims to carry out public meetings from time to time. A meeting similar to the one carried out in 1925 is planned for 1927.

Several industrial trips to Weston and Clarksburg are planned for the coming spring.

Wesleyan Pharos

After many unavoidable changes in the Pharos staff, at the early part of the year, the entire staff has worked unceasingly to publish a paper worthy of Wesleyan, and to carry on the splendid work already begun. Several minor changes were made, but the same general policy has been continued.

The interest of the staff has been high. There were eight delegates at the annual Inter-collegiate Press Association held at New River State College, one of which received a state office. The Pharos received second place in the state contest.

The business department has been unusually successful and the Pharos is running on a sound financial basis.

The Pharos has been sent to every alumni, and closer contact with the alumni has been made possible through the paper.

There have been a number of special issues—the last of which was a sixteen page tabloid tournament issue.

The Wesleyan Men's Glee Club offered a program for the season 1926-27 of the usual high standard compositions. "The Pilgrim's Chorus", from Wagner's Tannhauser; the waltz song, "Come O'er the Sea", Bullard; Beethoven's "Glory of God in Nature"; MacDowell's "Thy Beaming Eyes", etc were some of the stronger representative numbers. In keeping with the idea of entertainment as well as elevation, musically, Prof. Foltz indulged a few novelties at the close of the program. In this, he follows the precedent established by the better glee clubs of the East, which he heard during his six years in Boston.

The concerts this year touched the more northern part of the state. Last year the southern trip was the big feature. Solos, duets and several readings made up the remainder of the program aside from the ensemble numbers.

Fewer men were used in the roster of the club this year, and a finer grade of workmanship in music resulted. The club roster follows:

'WHAT EVERY WOMAN KNOWS'

'What Every Woman Knows' by Sir James M. Barrie, was presented by the Wesleyan Players last commencement. The play was successfully directed by Miss Mildred Little

Wesleyan Players

The year 1922 marks the origin of the Wesleyan Players. It started with a charter membership of twelve, and since that time the club has grown to membership of thirty-five, including its alumni. The club was originally founded by Miss Mildred Little, and no little credit can be given her for her plays that she directed and staged during her stay as Wesleyan.

This year the club is directed by Miss Alma Tress Lundman, head of the department of Expression. The requirements for the club are as follows: Recommendation by the director; a leading role in one big production; two minor or when a student has staged and directed a play. The Wesleyan Players established a precedent of student productions, that is, being cast, staged, and directed by a member of the players. The one last year being "Three Wise Fools", directed by Percy Ross, and this year, "Grumpy" in which he also played the leading role.

The plays presented this year by the Wesleyan Players were "An Ideal Husband", by Oscar Wilde. The second was "Grumpy". It is the custom of the organization to present three major productions during the year. The players spend considerable money each year for equipment, and the type of plays that they present are of the best character.

Haught Literary Club

The Haught Literary Club was organized in 1924 in order that Wesleyan women might foster an atmosphere of culture, especially through the medium of literature. The club is limited to sixteen active members.

The aim of the program during the past year was to awaken an interest in important but frequently neglected phases of cultural education. In realizing this aim, the club was fortunate in having several outside speakers, among whom were Dr. L. H. Chrisman, Mrs. Homer H. Wark, Mrs. Ramsey Ritzinger, Mr. Fred L. Kappa Lambda Sigma

The Kappa Lambda Sigma fraternity was organized in 1923. It was formerly known as the Cutshall Literary Society, but has since been reorganized into an honorary fraternity. It was founded by Wesleyan male students, possessed of high scholastic standing, and literary ambitions. From those of a like type it elects to choose its new recruits. The maximum membership of the fraternity is limited to thirty. Meetings are held each Friday evening.

The Kappa Lambda Sigma is a purely literary organization, devoting its time to the study of ancient and modern literature, classics, and drama. It has and will continue to add greatly to the cultural life of its members.

The Inter-Fraternity Association

The Inter-Fraternity Association was organized in 1926 with the purposes in mind to maintain a high plane fraternity life and inter-fraternity relationships to co-operate with college authorities in their effort to maintain high social ethical and scholarship standards throughout the whole college, and to be a forum for the discussion of questions of interest to the college and fraternity world. Also by co-operation to benefit the fraternity of the college and to unify the interest of the fraternities and non-fraternity groups.

The association is composed of three delegates from each chapter represented in the institution. The delegates from one chapter are to be the president, faculty advisor and one member to be elected by the chapter, who are to serve one college year.

The association has thus far maintained its purposes and it is looked upon as one of the strongest organizations on the campus.

The Sigma Delta Chi Sorority claims the honor of being the oldest sorority on Wesleyan's campus, having been organized in 1921 by a small group of Wesleyan girls. Although this group was not officially recognized as a sorority, it functioned as such until February, 1926, when it was recognized as a local sorority.

From the beginning of this organization, Prof. Mildred Little was advisor to this group and much of the success which the sorority has enjoyed has been due to her untiring efforts. With her departure last year, the sorority chose Miss Alice Nason as advisor, and Sigma Delta Chi is very fortunate and likewise proud to have Miss Nason as advisor.

Many social affairs were given by the sorority which culminated in an elaborate formal ball April 23, 1927.

The Sigma Delta Chi Sorority aims toward a democratic social organization upholding the ideals of Wesleyan College. The sorority experienced a very successful "rushing season".

Chi Alpha Tau

The Chi Alpha Tau Fraternity was first organized as a club on November 26, 1923. There were only four members at the time of organization. The club was formed to create a more fraternal bond among these members. At the beginning of the 1925 fall term the club was recognized by the committee on fraternities as the first fraternity on Wesleyan's campus.

The home on Barbour Street which was used during the school year '25-'26 was considered too small so the fraternity moved into a larger house on College Avenue near the high school. Much new furniture and equipment has been added to that already owned so that the house is now very comfortably and tastefully finished.

A pledge dance was given just after the mid-year examinations and a formal dance on April 9. Both were very pleasing and successful social events. Other fraternity parties will be given during the spring months.

Twelve of the active members are Seniors and will not be back next year so a large number of new members were taken into membership this year. With a fine group of members and workers for Chi Alpha Tau, the fraternity looks forward to even greater success.

The Kappa Phi Omega

The Kappa Phi Omega Sorority has been in existence since October, 1925. By the able assistance of Miss Eleanor Honcher as faculty advisor a very successful year was ended.

This year we moved into a house having the honor of having the first sorority house on Wesleyan's campus.

A real spirit of sisterhood, democracy and co-operation has existed in the organization of the house and our undertaking has been a great success.

The social climax of the year came when the Kappa Phi Omega's gave a formal dance in Carpenter's Hall, the most outstanding social event of the season. The year closed with a most prosperous outlook for the future.

Alpha Gamma Phi

On Wednesday, January 19th, 1927, the Alpha Gamma Phi Fraternity celebrated the first anniversary of its occupancy of the fraternity residence at 49 Florida Street. A cake topped with a solitary candle symbolized the passing of a year of fraternal life. Congressman William S. O'Brien, a member of the Fraternity Board of Trustees, was the guest of the occasion. In the reverie of the moment, the men recalled the departure of the first alumni of the fraternity, the presentation of the "Sheik" cup to Mr. Gilbert Dudderar last June, the busy "rushing" season of last fall, the advent of numerous guileless pledges, the family Christmas tree, and the sedate sessions of the "Kangaroo" Court presided over by his Honor, Judge Prunty.

With the opening of another semester, several members have left for other schools. Paul Engle has taken up graduate work at Columbia University, New York City, and Orton Karickhoff is completing his college work at Washington University, Washington, D. C. Allen Brown and Melvin Roderick returned home. Yet most of the pledges have since moved into the fraternity residence, and at times the halls ring merrily with improvised harmony.

The Alpha Gamma Phi Fraternity led the other fraternities in scholarship during the second semester of last year.

Chi Kappa Alpha Sorority

Flower: Yellow Rose *Colors.* Yellow and White

The Chi Kappa Alpha Sorority was organized by a small group of girls in 1926. The Sorority was organized with the purpose of promoting the social life of Wesleyan.

The Chi Kappa Alpha Sorority has prospered thus far, however, and its members are looking forward to a greater future. The Sorority is very fortunate to have as faculty advisor, Miss Lois McCloskey.

Sigma Eta Delta

The Sigma Eta Delta Fraternity was organized for the purpose of bringing together a small group of men for mutual benefit and enjoyment. The organization was recognized as a fraternity by the college on October 20, 1925. The fraternity at this time consisted of seven charter members. Augustus Ritzinger was elected the first president of the fraternity and Ralph Alvis, vice-president.

Immediately after being recognized, the Sigma Eta Delta Fraternity moved into its house on College Avenue. During the period of residence in this location many new members were initiated into the fraternity.

With the opening of school in September, 1926, the Sigma Eta Delta Fraternity moved into its new home on the corner of College Avenue and Florida Street. Ten new members have been taken into the fraternity since they have been in this house.

The Sigma Pi Dela Sorority made its first appearance on the campus late in October, 1926.

The sorority was organized for the purpose of bringing together a small group of women for mutual benefit and enjoyment.

We are very fortunate and indeed very proud to have Miss Alma F. Lundman as our faculty advisor.

WHAT IS YOUR LIFE WORK TO BE?

President Coolidge says: "He who sells an insurance policy, sells a certificate of character, an evidence of good citizenship, an unimpeachable title to the right of self-government."

The need for insurance is as old as it is universal and more urgent in hard times than in prosperous periods. The life insurance agent is his own master, controlling his own time, earning in exact proportion to his successful effort, and finding no limit to the new applications of insurance to needs. The economic human value is now scarcely more than one-seventh protected.

Do you want to engage in a dignified profession; to help serve the social order; to represent the greatest institution in the world; to choose those with whom you deal; to find business any time and everywhere; to work for yourself and earn accordingly?

Will you let us tell you more about this great business and especially concerning

Gene Celebrates With Ice Cream!

Some of Gene Tunney's friends crowded into his rooms when he arrived there after being proclaimed world's champion heavy-weight fighter and tried to "throw a party" for him.

"What'll you have, Gene?" asked one of the merry makers.

"If you don't mind," he said, "I'd like to have a little ice cream."
